

Cover Letter

Dear Hiring Manager,

I am writing to express my interest in a web development position at your organization. As a passionate and detail-oriented developer currently working at SKR Company, I bring hands-on experience in building responsive and dynamic websites using technologies such as React.js and Node.js.

I began my professional journey as a content writer and quickly transitioned into a web development role, where I discovered my passion for building user-friendly digital solutions. My academic background at Beirut Arab University, combined with my visual learning style, helps me grasp complex concepts quickly and apply them effectively in real-world projects.

I am excited about the opportunity to contribute to your team and grow further as a full-stack developer. I welcome the chance to discuss how my skills and experiences align with your organization's goals.

Thank you for considering my application.

Sincerely,

Abedalaziz Salim Halloumeh
