

Assignment 3.3: Job Advertisements - Part 2: Compare Online Job Boards

	Job Board #1	Job Board #2	Job Board #3
Name and Url	Forasna https://www.forasna.com	Bayt https://www.bayt.com	Indeed Lebanon https://www.indeed.com.lb
Who is the audience?	Job seekers in Lebanon and the Middle East, mainly entry- to mid-level professionals	Professionals in MENA region, including fresh graduates and experienced candidates.	General job seekers from Lebanon at all career levels
What type of companies post here?	Retail, food service, logistics, administration, and customer service companies	Large corporations, banks, NGOs, IT firms, and engineering companies.	Retail chains, customer service, education, medical centers, and startups
Look for jobs in the areas of your major. What are the trends you see?	Sales, cashier, logistics, and admin assistant roles are common. Many require basic experience.	Many opportunities in marketing, IT, sales, and project coordination	Teaching jobs, sales reps, customer support, and administrative assistants are popular.
What do you see as the strengths of this job board?	Simple interface, Arabic language support, frequently updated.	Advanced filtering, resume builder, company reviews	Easy to search, many jobs posted daily, international coverage.
What are the weaknesses	Limited filters and fewer high-level job listings.	High competition for jobs and many require years of experience.	Some listings are outdated or duplicated.
Would you use this in your job search? Why or why not?	Yes, because it's very accessible and suitable for entry-level positions.	Yes, because it has a wide variety of listings and useful tools for job seekers.	Yes, because it has a large volume of jobs and user-friendly design.
